

ACTA PÆDIATRICA SCANDINAVICA

Vol. 74, 1985

CHIEF EDITOR

R. Zetterström, Stockholm

CO-EDITORS

S. Sjölin, Uppsala and B. Lindquist, Lund

MANAGING EDITOR

C. G. Bergstrand, Stockholm

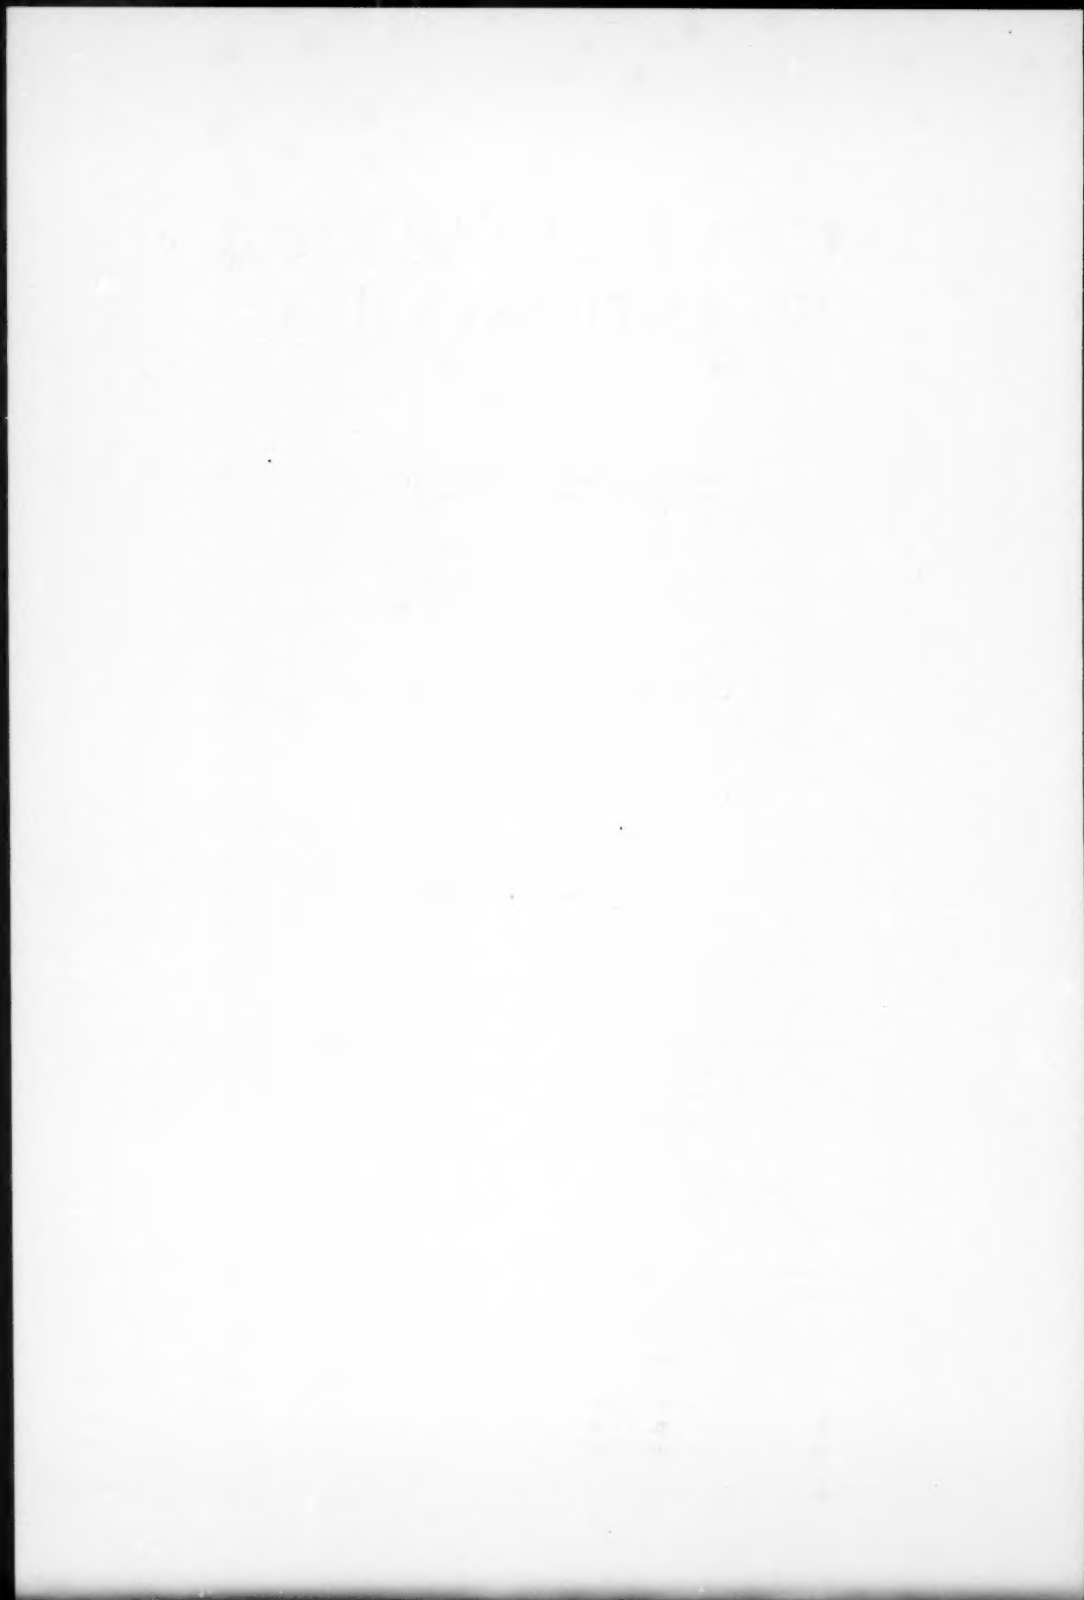

ASS. MANAGING EDITOR

Yngve Larsson, Stockholm

Advisory Board

Aarskog, D., Bergen
Arnórsson, V. K., Reykjavik
Broberger, O., Stockholm
Fernandes, J., Groningen
Friis-Hansen, B., Copenhagen
Hagberg, B., Göteborg
Iversen, T., Århus
Kildeberg, P., Odense

Kouvalainen, K., Oulu
Moe, J. P., Trondheim
Peltonen, T., Turku
Perheentupa, J., Helsinki
Ritzén, M., Stockholm
Seip, M., Oslo
Stoop, J. W., Utrecht
Visser, H. K. A., Rotterdam

Contents

Review articles

- Foucard, T.: The Wheezy Child 172
 Sandberg, S.: Hyperactive disorder of Childhood. Some Clinical Implications of Recent Research 481

Subject Index

Allergy

infant, reaction to proteins in mother's diet 467
infants of non-atopic mothers, Ig-levels 555
wheezing bronchitis 172

Amyloidosis, cystic fibrosis 613

Amino acids

plasma valine, breast feeding—formula feeding 615
Anorexia nervosa, parenteral nutrition 230

Asthma

5-year prognosis 442
non-IgE-mediated 713
school health 833
wheezing in respiratory tract infections 172

Ataxia telangiectasia, killer cells 819

Bacteriology

bacterial colonization, newborns 366
bacteriuria, epidemiology, infants 925
faecal microflora, infants 45
group B streptococcal infections, newborns 934
Lyme disease 133
pseudomonas, intensive treatment, cystic fibrosis 107

Bilirubin

binding to albumin and newborn serum 372
breast milk jaundice, fat content of human milk 805
fusidic acid binding, interaction with bilirubin binding 874
multiple exchange transfusions 545
neonatal jaundice, fatty acids of maternal diet 867

Blood

acute lymphoblastic leukaemia, killer cell activity 433
acute lymphoblastic leukaemia, growth 530
antifactor VIII inhibitor 794
exchange transfusion, newborns, heparinized blood 360
exchange transfusion, multiple, bilirubin binding 545
haematin, binding to albumin and newborn serum 372
Henoch-Schönlein purpura, immunological parameters 201

platelet reactivity, infantile autism 799
protein C, newborns 226
red cell membrane, oxidative injury 378

Bone mineral content 264

Breast feeding

faecal microflora 45
growth of infants 240
immunological protection 246
low birthweight infants 495
promotion in Norway 332
protection against infections 641
social factors 36

Cardiovascular system

blood pressure, preterm infants 920
blood pressure, influence of different factors 416
cerebral blood flow, newborns 323
myocardial ischaemia, asphyxia neonatorum 595

Chromosomes

fragile X-syndrome, refractive errors 974
13q-syndrome, intestinal atresia 305
trisomy 21, copper-superoxide dismutase 697

Chronic granulomatous disease 152

Cystic fibrosis

cimetidine treatment 114
incidence, Australia, ethnic groups 286
PABA-test of pancreatic function 460
pseudomonas chest infection 107
ribonuclease in saliva 102
sweat test 423
systemic amyloidosis 613
ventilatory response to exercise 451
vitamin B₁₂ deficiency 794

Diabetes

control and vascular reactivity 77
gamma globulin therapy 605
infants of diabetic mothers, risk of hypoglycaemia 268
infants of diabetic mothers, use of glucose polymer 382
infants of diabetic mothers, catecholamines 521
lipids, relation to glycosylated serum protein and HbA_{1c} 966
reduced serum proteins 961
thyroid hormone abnormalities 386
urinary tract infection 85
villous atrophy, intestinal epithelial cell antibody 472

Down's syndrome

selenium, plasma and erythrocytes 508
trace elements, blood cells 259

Dysautonomia 131

Endocrine system

catecholamines, infants of diabetic mothers 521
delay of growth and puberty, boys 390
electrolyte excretion and plasma renin activity 394
fetal adrenal function 400
fluoxymerone, short course of treatment 390
GnRH analogue treatment, precocious puberty 945
hyperinsulinism, pancreatectomy, newborns 311
hypopituitarism, sensorineural deafness 148
LHRH-treatment, cryptorchidism 274
parathyroid hormone, premature infants 669

- phosphate supplementation, effect of in LBW infants 664
- pituitary gigantism 807
- precocious puberty, girls 950
- premature thelarche, breast size 454
- pseudohypoadosteronism 619
- pseudo-precocious puberty, testicular hyperplasia 623
- spermatogenesis, chemotherapy for leukaemia 956
- thyroid hormone abnormalities, diabetes 386
- TSH level, false pathological 607
- Enuresis, treatment by induced contraction of urethral sphincter 574
- Enzymes
- copper superoxide dismutase (SOD-1), trisomy 21 697
 - immunoreactive trypsin in HSE-syndrome 456
 - pyruvate carboxylase deficiency 982
 - pyruvate dehydrogenase 140
 - ribonuclease in saliva, cystic fibrosis 102
- Fetus
- storage of iron 701
 - trisomy 21 697
- Fragile X-syndrome 974
- Gastroenterology
- antidiarrhoeal drugs, use of in outpatients 650
 - breath hydrogen test 942
 - breast feeding, immunological importance 246
 - chronic diarrhoea, trace elements 770
 - coeliac disease and rickets 972
 - coeliac disease, jejunal biopsies, electron microscopy 775
 - faecal microflora 45, 207
 - foreign body in the small intestine 609
 - infantile colic, treatment with simethicone 446
 - oral rehydration 489, 643
 - oral rehydration, unsuccessful 474
 - rotavirus infections, nosocomial gastroenteritis 89
 - rotavirus infections, staff of paediatric department 617
 - villous atrophy, connective tissue disease, diabetes 472
- Growth
- acute lymphoblastic leukaemia 530
 - children of alcoholic mothers 20
 - follow-up of children with deviant birthweight 707
 - genetic factors, influence of 707
 - growth-promoting activity, newborns 534
 - infants, breast fed and bottle fed 240
 - long term survivors of childhood malignant disease 438
 - small for dates infants 57, 707
- Haemorrhagic shock and encephalopathy syndrome 456
- History
- first textbook on human growth 1
- Immunology
- antimicrobial proteins, human milk 655
 - B lymphocyte function
 - chronic granulomatous disease, glomerulonephritis 152
 - epidermal growth factor, breast milk 250
 - Henoch-Schönlein purpura 201
 - Ig-levels, serum and saliva, infants 555
 - IgA, secretory, breast milk 338
 - IgG subclasses, immunodeficiency 126
 - interferon production, respiratory diseases 118
 - interferon, subacute sclerosing panencephalitis 309
 - interferon, leukocytes 219
 - intestinal epithelial cell antibody 472
 - killer cells, ataxia telangiectasia 819
 - killer cells, acute lymphoblastic leukaemia 433
 - leukocyte interferon, defective response 219
 - nephrotic syndrome, immunological profile 726
 - specific IgA antibodies, human milk 897
- Infectious diseases
- acute infectious lymphocytosis 633
 - chlamydia trachomatis, premature infant 604
 - hepatitis B, glomerulopathy 122
 - hepatitis B, vaccination, haemodialysis 213
 - herpes zoster, congenital varicella 979
 - infectious mononucleosis, Bells palsy, parotitis 629
 - Lyme disease 133
 - meningitis, CSF-lactate 292
 - meningitis, C-reactive protein in CSF 560
 - recurrent infections, interferon response 219
 - septicaemia, hyposplenism, newborns 611
 - septicaemia, newborns, incidence and spectrum 687
 - subacute sclerosing panencephalitis, interferon treatment 309
- Insensible weight loss 678
- de Lange syndrome, causes of death, mortality 765
- Laurence-Moon-Biedl syndrome, vitamin A 458
- Lipids
- changing pattern in newborns 733, 738
 - intravenously administered 52
 - lipoproteins, diabetes 966
- Liver
- bile acids, cerebro-hepato-renal syndrome 539
 - damage, valproic acid 796
 - focal nodular hyperplasia 828
- Lyme disease 133
- Maple syrup urine disease, CT scan 815
- Mechanical power output 760
- Metabolism
- bone γ -carboxyglutamic acid containing protein 674
 - calcium therapy, premature infants 669
 - carnitine, neonatal and maternal plasma 500
 - insensible weight loss 679
 - insulinproduction, breast feeding—formula feeding 615
 - lactic acidosis, pyruvate carboxylase deficiency 982
 - phosphate supplementation, low birth weight infants 664
- Methodology
- breath hydrogen test, faecal hydrogen 942
 - false pathological TSH levels 607
 - glomerular filtration, radionuclide imaging 579
 - high frequency jet ventilation 681
 - PABA-test, pancreatic function 460
 - transcutaneous oxygen and carbon dioxide monitor 352
 - umbilical disinfection 366

Milk

- antibodies against salmonella and shigella 338
- antimicrobial proteins in human milk 655
- β -lactoglobulin, bovine transferred to human milk 342
- breast milk, mitogenic activity, epidermal growth factor 250
- colostrum, enrichment of lymphocytes 346
- fat content, breast milk jaundice 805
- iron content in maternal anaemia 290
- riboflavin and vitamin A 40
- selenium content 254
- specific IgA antibodies 897
- use of banked breast milk 40
- zinc and copper content 891

Nephrology

- bacteriuria, epidemiology during first year of life 925
- electrolyte excretion, 12-hour urine, spot urine 394
- glomerulopathy, hepatitis B 122
- glomerular filtration 579
- nephrotic syndrome, immunological profile 726
- nephrotic syndrome, focal global sclerosis 913
- obstructive uropathy, tubular dysfunction 589
- urinary tract infections, diabetes 85
- urinary tract infection, netilmicin therapy 584
- urinary tract infection, combined scintigraphy and renography 720

Nervous system

- absence seizures, evaluation of treatment, long term EEG 409
- anoxic seizures, anticholinergic treatment 803
- brain injury, perinatal 323
- cerebral palsy, epidemiology 452
- facial palsy, cerebrospinal fluid in 281
- febrile convulsions, phenobarbital treatment 294
- infantile autism, platelet reactivity 799
- meningitis, CSF-lactate 292
- nocturnal myoclonus, benign infantile 505
- progressive muscular dystrophy, incidence in Denmark 881
- Rett's syndrome 405
- silent seizures in early life 741
- x-linked muscular dystrophy, selenium supplementation 886

Newborn infants

- adrenalin and noradrenalin, diabetic mothers 521
- bacterial colonization 366
- blood gases 352
- brain injury, cerebral blood flow 323
- dysautonomia 131
- exchange transfusion, heparinized blood 360
- faecal microflora 45
- growth, breastfeeding, artificial feeding 240
- growth-promoting activity, thymidine 534
- haematin and bilirubin binding 372
- immunological importance of breastfeeding 246
- lipoproteins in plasma 733, 738
- mortality, mode of delivery 70
- myocardial ischaemia, asphyxia 595
- parenteral nutrition 52
- perinatal mortality 848, 855
- phototherapy 378

protein C, development of 226

- septicaemia, functional hyposplenism 611
- septicaemia, incidence and spectrum 687
- streptococcal infections, group B, national survey 934
- sudden infant death in maternity wards 861

Nutrition

- glucose polymer, use of in infants 382
- parenteral, anorexia nervosa 230
- tolerance of intravenous lipid, newborns 52

Pharmacology

- acetylsalicylic acid, rheumatoid arthritis 755
- netilmicin, single-dose therapy in UTI 584
- scopolamine, transdermal administration 803

Phototherapy

- photosensitized haemolysis, lipid peroxidation 378

Physical activity, school children in Sweden 904

Premature and low birth weight infants

- adrenal function, influence of labor and delivery 400
 - blood pressure, ventilated preterm infants 920
 - breast feeding 495
 - calcium therapy, parathyroid hormone 669
 - catecholamines, endotracheal suctioning 525
 - chlamydia trachomatis infection 604
 - 1,25-dihydroxyvitamin D 549
 - follow-up 62
 - follow-up, bone mineral content 264
 - follow-up at seven years 707
 - glucose polymer, use of 382
 - high frequency jet ventilation 681
 - mechanical ventilation, urine and plasma osmolality 601
 - phosphate supplementation 664
 - postnatal weight 57
- ## Psychology and psychiatry
- effects of neonatal screening, α_1 -antitrypsin 427, 782, 787, 841
 - hyperactive disorders 481
- ## Pyruvate dehydrogenase deficiency 140

Respiratory system

- jet ventilation in severe respiratory disease 681
- pulmonary aspiration, milk antibodies 660
- wheezy bronchitis 172

Rett's syndrome 405

Rheumatic fever in Swedish children 749

Rheumatoid arthritis, acetylsalicylic acid 755

Rickets

- coeliac disease 972
- hypophosphataemic vitamin D resistant, growth 196
- multiple fractures and respiratory failure 300
- vegetarian children 191

Rosén von Rosenstein award 1, 161, 321

Sanfilippo type C syndrome 137

Social paediatrics

- accidents in childhood 163
- breast feeding 36
- children of amphetamine-addicted mothers 179, 185
- children of alcoholic mothers 20, 27
- neonatal mortality, mode of delivery 70
- perinatal care and mortality 848, 855
- Sudden infant death 861

Surgery

- malrotation, abdominal pain 296
- oesophageal atresia, repair of 237
- pancreatectomy, hyperinsulinism 311

Tay-Sachs disease, precocious puberty 462

Toxicology

- children of alcoholic mothers 20, 27
- children of amphetamine-addicted mothers 179, 185
- ethanol poisoning 977

Trace elements

- blood cells in Down's syndrome 259
- chronic diarrhoea 770
- review 17
- selenium, breast milk 254
- selenium, Down's syndrome 508
- selenium supplementation, muscular dystrophy 886
- subclinical deficiency 515
- zinc and copper, human milk 891

Tumour

- malignant, growth of long term survivors 438
- phaeochromocytoma, constipation 801
- reticulohistiocytoma 143
- rhabdomyomas, cardiac 824

Vaccination

- BCG, preterm infants, tuberculin conversion 564
- hepatitis B 213

Virology

- Epstein-Barr virus, Eskimo children 691
- hepatitis B 122
- herpes zoster and congenital varicella encephalitis 979
- interferon production 118
- rotavirus infections, gastroenteritis 89
- rotavirus infections, clinical features 96
- rotavirus infections, staff of a paediatric department 617
- rotavirus, super-short RNA pattern 975
- wheezy bronchitis 172

Vitamins

- 1,25-dihydroxyvitamin D, preterm infants 549
- deficiency in vegetarian children 191
- vitamin A, Laurence-Moon-Biedl syndrome 458
- vitamin B₁₂, selective malabsorption 469
- vitamin B₁₂, cystic fibrosis 794
- vitamin D resistant rickets 196

Zellweger syndrome 539
